LITTLE BUCK 8FT ECONOMY BLIND

80" LOWER BRACES - TWO PIECES

89" LOWER BRACES - TWO PIECES

80" CROSS BRACES - FOUR PIECES

85 1/2" CROSS BRACES - TWO PIECES

96" NUMBERED BLIND LEGS

○ LEGS ARE MARKED AND INSTALLED WITH THE LEG NUMBER ON THE LEG AND BASE

Raise blind and remove shipping legs. Attach legs using 3/8 bolts and lock nuts leave loose at this time

Lower to 2" off the ground

Install all braces, leave 3/8 bolts and lock nuts loose at this time

Set blind on a level surface, pull out all legs to settle the blind into it's final position

Tighten all bolts

Attach ladder to base using 2 1/2" x 3/8 bolts. Be sure to install bolt threads towards the outside, then keeps bolts from creating a tripping hazard.

- Install ladder hand rails with 3/4" self-tapping screws

- Push in plastic ladder end caps on each end of the ladder rails
